Important information

Covid has changed the landscape for working holiday makers looking for cheap shared rooms. Travellers should expect to pay £700 a month and upwards for a single occupancy room in a house share with 3-4 rooms per house. 1 month deposit, 1 month rent and a 6 month lease is the new normal.

We recommend on arrival that you pre-book 2 weeks in flexible city rooms and view weekly availabilities from us until your perfect share house is free.
